### **DETAILED ACTION**

1. This office action is in response to amendment filed 12/03/2003.

#### ***Allowable Subject Matter***

2. Claims 24, 107-153, are allowed.

#### ***Reasons for Allowance***

3. The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of the claims is the inclusion of correlating a set of pulses in a pulse train resulting from lightning flash using only a sub-set of the set of pulses for producing an estimate of the location and the time of a lightning flash as in claims 24, 107-127, 130-151, and for the inclusion of synchronously decimating sensor data for decreasing the time or bandwidth required to transmit sensor data over a communication channel as in claims 128-129, 152-153.

***Pertinent Art***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Swanson (US 4,906,995 A) discloses data compression apparatus and method wherein large samples of data which also includes lightning data are reduced or decimated by retaining only a subset of the samples wherein the subset contains large enough number of samples to satisfy the Nyquist criterion for the highest frequency component present. Swanson does not expressly disclose lightning detection system comprising plurality of sensors for sensing one or more pulses of a lightning flash.

Herold (US 5,699,245) discloses lightning detection system comprising plurality of lightning detection stations for detecting the time and location of lightning. Herold does not disclose using a sub-set of pulses for producing an estimate of the location and the time of a lightning flash and synchronously decimating sensor data for decreasing the time or bandwidth required to transmit sensor data over a communication channel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
